

SHORELAND RESTORATION / RAIN GARDEN COST-SHARE PROGRAM APPLICATION FORM

Contact Information

Name		
Address		
City	State	Zip Code
Home Phone	Work and/or Cell Phone	
Email Address	Lake or Stream (If applicable)	
How did you hear about the program?		

Project Information (Please fill out as completely as possible)

Project Type (Circle one):	
Shoreland Restoration	Rain Garden Installation
Describe proposed project (use additional sheets is necessary).	
Describe any erosion and/or runoff issues the project will be addressing.	
Will the project result in the reduction of impervious surfaces? If so, how much (square feet)?	
Will the project result in the removal of exotic vegetation? If so, what species?	
Area of proposed project in square feet.	Total cost of materials for proposed project. (Required for cost share)

Other Information

Yes or No	Do you need assistance with planning and design? (If yes, please contact the PLSLWD. If no, please attach restoration plan).
Yes or No	Is the materials list and cost breakdown for your project attached? (Required for cost share)
Yes or No	Is the species list for your project attached? (Required for cost share)
Yes or No	Do you have photos of the site (digital or film)? Please include with this application. (Not required)
Yes or No	Are you willing to have a temporary sign (11x17", with program information) within the restoration area?
Yes or No	Are you willing to have your property be used as a demonstration site? (Addresses will not be published.)

Cost Share Information

The Prior Lake-Spring Lake Watershed District (PLSLWD) will provide free technical assistance for shoreland restoration and rain garden projects and up to 50% of eligible *materials* cost (maximum of \$1,200.00) for implementing projects that protect lakes, streams, and wetlands. Cost share and technical assistance are available to landowners in the PLSLWD throughout the year until the available funds are exhausted.

The proposed restoration or rain garden project must meet specific requirements, which will be evaluated by PLSLWD staff, and must be approved by PLSLWD staff. Applicants for cost share must fill out this form and include a restoration/planting plan, cost estimate, and materials and species lists. Recipients of cost share must sign a cost-share contract agreeing to maintain the restoration for a minimum of ten years.

Projects must be approved by the PLSLWD District Administrator before purchases are made. Not all participants in this program may want or will receive cost share funds. All will receive technical assistance whenever possible. Both the cost share and technical assistance are subject to funding and staff availability.

To be considered complete, all applications must include:
 Restoration Plan
 Plant Species List
 Materials and Costs Breakdown

For more information about this program and other PLSLWD programs and services, please contact:
