

2017 Fall Clean-Up

Clean Water Clean-Up

Sunday, Oct 29th

12:30 - 3:00 pm

Fish Point Park

15111 Fish Point Rd, Prior Lake

BYOR—Bring Your Own Rake

Free T-shirt, snacks & prizes.

Help us rake up this year's leaves at Fish Point Park to prevent excess nutrients from running off into Prior Lake!

Leaves, lawn clippings and other organic debris release phosphorus. Phosphorus is a nutrient that can cause harmful algal blooms and fish die-offs. When it rains, excess phosphorus from organic debris can flow into lakes and rivers.

Volunteers needed. Please pre-register at:

www.PLSLWD.org

Volunteers will receive a t-shirt, light snacks, and are eligible to win prizes!

Bring a rake, save the lake.

For more information about this event, please call 952-447-4166 or visit www.plslwd.org. ****In case of poor weather, event will be moved to Nov 5th.****
